JOIN US!

Week 1:

June 11-15

BTC SPY CAMP

Train on-site and on the field tracking clues, solving daily missions and evasion techniques. A week you don't want to sneak out of!

Week 2:

June 18-22

BTC SPORTS CAMP

Let's play and offer kids a place to explore a variety of sports and the opportunity to have fun!

Week 3:

June 25-29

BTC SCIENCE LAB

Our Mad Scientists get to make things explode and watch science in action in a chemical reaction! A special guest visit from Mad Science LA onsite!

Week 4:

July 2-6

BTC ON WHEELS

Our junior engineers will learn how to design and test their own wheels. From building to riding, they'll have so much fun that they'll forget their learning!

Week 5:

July 9-13

BTC CODING CAMP

Learn the science behind the making of a video game and learn the basics of coding, build adventure maps and resource packs and level design.

Week 6:

July 16-20

BTC WATERPARK

Let's kick off the summer with a big Splash and Rage on to keep cool while having a blast!

Week 7:

July 23-27

BTC THEATRE

Our shining stars will get in touch with their acting bug or their dreams of acting with the professional musical cast of Alice and the Wonderful Tea Party at the Santa Monica Play House Theater

Week 8:

July 30- August 3

BTC Culinary School

Are you ready for your child to take over the kitchen? Calling all chefs...This week is a delicious treat! We will take a trip behind the scenes of a restaurant, gain appreciation of culinary skills, safety and of course learn how to make a scrumptious treat onsite!

Week 9:

August 6-10

BTC THEME PARK

Our physicists will explore the concept of force by creating ramps, and structures then continue their investigation on a roller coaster!
